

Delivering Certainty

www.airroad.com.au

Not every delivery is routine. AirRoad Specialised is there to meet all of your sensitive or special delivery needs. We want clients to have total peace of mind when a delivery is crucially important.

Our expertise includes:

- > Time sensitive deliveries – deliveries can be made to meet strict deadlines or time constraints
- > Roll outs/back – deliveries can be planned and executed to be made within a precise time-frame to allow co-ordination at various sites
- > Fragile deliveries – deliveries for items that require special care and handling
- > Heavy equipment installations – delivery and installation of equipment over 300 kg
- > Technical deliveries – delivery, unpacking, setting up and configuration of technical equipment
- > Project management – highly trained, Specialised personnel conduct site inspections and manage the project end-to-end
- > Reverse logistics – coordinated pick ups from your customer including packing, labelling and delivery to a forwarding address

You can have total peace of mind, knowing that AirRoad Specialised transport services can organise all your sensitive freight transport needs.

Delivering Certainty for Sensitive Freight

- > AirRoad Specialised takes a project management approach carefully planning each aspect of the specific transport, delivery and installation needs of your sensitive freight
- > We have our own fleet of dedicated vehicles with 'Air-Ride' suspension to reduce the impact on the goods we care for
- > Our drivers work in teams and are specially trained to handle sensitive goods
- > The team uses special equipment such as pallet jacks, walk boards and electric stair climbers and can arrange for the safe packing of your delicate, fragile or precious items

Client Service

Our hands-on sensitive freight specialists keep you closely informed on the progress of your delivery. You can feel confident that your special items will be delivered in full, on time and undamaged.

The AirRoad Group maintains the highest standards of safety and security across all of our business lines including Specialised, at our sites and for our vehicles. You can be sure your goods, your people and ours will all be safe and secure throughout the transit process and help you to feel certain that your chain of responsibility obligations are being met.

AirRoad provides premium services in national road freight distribution, express and specialised transport and supply chain management. An independent, Australian owned and managed company, AirRoad is focused on delivering in full, on time and undamaged in order to provide our clients with certainty in their supply chain. Recognised for the quality of personalised services we provide, we have particular expertise in high value, complex, fragile, confidential and sensitive goods. Safety is crucial to the AirRoad approach, which ensures that our clients feel certain that their chain of responsibility obligations are being met. At AirRoad, we invite you to experience the difference that certainty delivers.

If it's important to you...trust it to us.
