

AirRoad Linehaul Services – 2022 / 2023 Holiday Season

Dear Valued Client,

As we enter the final month of 2022, we begin to reflect on what has been another challenging year.

With national industry wide labor shortages still impacting service, and additional pressures from soaring fuel prices we would like to take this opportunity to thank you for your patience and understanding.

As we contend with the end of year volume increases, we are also working with longer interstate transit times caused by ongoing flooding to key areas in the Eastern States and the rise in truck traffic due to Rail closure.

To avoid disappointment, please allow additional shipping time for all consignments.

We ask that all consignments for the eastern states needing to be delivered before the 25th of December are dispatched to us no later than Friday 16th.

We will be running a line haul service ex-Perth on Tuesday 20th of December for arrival into Sydney, Melbourne and Adelaide Friday 23rd of December. But again, please do not rely on this service to have essential deliveries completed before the public holidays.

There will also be a limited service ex-Perth on Friday 23rd of December. The expected arrival for freight loaded on this line haul is as follows:

- NSW freight arriving into Sydney Wednesday 28/12
- QLD freight arriving into Brisbane Thursday 29/12
- Vic freight arriving into Melbourne 28/12
- SA freight arriving into Adelaide 29/12

Please also note that some delivery agents, particularly in country areas, may not be operating between Christmas and New Year. If a delivery is required at this time, please contact your Account Manager prior to dispatch to confirm if the required service is available.

All interstate and intrastate linehaul schedules will return to normal from Tuesday the 3rd of January 2023.

We thank you for your understanding, and if you have any further questions please feel free to contact your Account Manager.

We value your ongoing support, and look forward to working together again in the New Year.

Best Regards,

Quality
ISO 9001
