

Delivering Sensitive Freight Solutions

www.airroad.com.au

Not all deliveries are the same. AirRoad Specialised provides project managed deliveries for items that require special handling throughout Australia. Our clients include leading brands sending medical equipment, large format printers and multifunction devices, electronic goods and other sensitive freight. We want you to have total peace of mind, especially when a delivery is critical.

Why Choose AirRoad Specialised?

- > **Service:** Our team of experts work with you to gain an understanding of your business requirements before proposing a solution. Our goal is to form long-term partnerships and ensure that your sensitive freight is delivered in full, on time and in pristine condition.
- > **People:** Our drivers are trained specifically to handle sensitive items. Our support team are experts in project management and coordinate all deliveries to ensure that we get it right the first time. We can meet strict deadlines, manage relocations and even conduct site inspections if required.
- > **Resources:** Our interstate trailers are fitted with 'air-ride' suspension to ensure that your goods travel smoothly. Our local fleet of custom vehicles feature tail gates, non-slip floors and internal rub rails and racking to service your precious items. Our online systems are user friendly and will keep you informed each step of the way.
- > **Security:** AirRoad invests in security and has independent, on-site guards (Sydney, Melbourne) to protect your goods.
